

ROLOSHIELD™

Roloshield - Synthetic Roofing Underlayment

Contractor friendly Roloshield™ is lightweight, stronger than felt, and is faster to install. Use less rolls to cover more roof and lower your installed cost by using this 100% polypropylene synthetic roofing underlayment. Roloshield™ lays flat and is water-resistant with superior drapability in valleys and on ridges and hips. Speedy installation is achieved by using the Roloshield™ pre-printed nailing pattern. Extended UV resistance provides installation opportunities on hot sunny days and provides a cooler working surface. Roloshield™ is Class A fire rated, and Code Approved. The new and improved Roloshield™ lineup has an added slip resistant layer for every product level. With all four products having ICC and Miami-Dade approvals, the new Roloshield™ lineup offers a range of economical to high end options with code compliant quality for every product from Plus to Extreme.

Rolo Prime

- 250 ft Roll
- 48" Wide
